EMPLOYMENT HISTORY

Software Developer, Urbanrise Constructions   Chennai
Jul 2023 Jan 2024

- Biometric Integration Project: Led the development of a new module integrating Openbravo ERP with the Face Bas biometric application via API. This automation captured and processed biometric data, eliminating manual intervention and streamlining the identification process.
- Developed new windows and designed approval workflows, utilizing buttons and windows to streamline user interactions
- Collaborated with senior developers to understand approval workflows and designed them accordingly in Openbravo, ensuring compliance with business processes.
- Implemented features to fetch and transfer data seamlessly between screens, enhancing data consistency and reducing manual errors.
- Worked closely with senior team members, actively seeking guidance and contributing to team discussions to refine processes and solutions. Developed custom reports that can be downloaded through a user-friendly button interface, providing valuable insights and easy access to critical data. Developed background processes in Openbravo using Java, which run automatically at specific times to perform scheduled tasks and ensure timely data updates.

Intern, Urbanrise Constructions   Chennai
Jan 2023-Jul 2023

- Received training on using and managing Openbravo, an ERP software.
- Linux: Learned to navigate and perform tasks in a Linux environment. PostgreSQL Commands: Gained proficiency in PostgreSQL commands for data querying
- Actively engaged with team leaders and senior developers, presenting queries and seeking guidance to enhance understanding.
- Generated reports using Openbravo's reporting tools (Jasper /Ireport) to provide data insights

Executive, Hexaware Technologies   Chennai
Apr 2021-Apr 2022

- Managed the adjudication process for international and domestic clients following background checks.
- Analyzed background check results and determined eligibility for employment based on company policies and legal guidelines.
- Worked closely with the team to maintain optimum levels of communication to effectively and efficiently complete projects.
- Proved successful working within tight deadlines and fast-paced atmosphere. Took over team leadership in the absence of my team leader. working as Quality Analyst auditing teams' work.
- Conducted training sessions and meetings to rectify errors and improve quality.
